Drop-Deck

**I Series
Pan Series**

DD-105

ISO 9001 Certified Quality
Management System

I Series (7,000 lb. to 21,000 lb. capacities)

I Series Equipment Trailers are a drop-deck trailer constructed of two cold-formed I-Beams to make the outer trailer frame from tongue to tail. The single-frame design also gives the I-Series a very clean and strong profile.

FT-14 I shown with optional
- Expanded metal in tongue
- Dovetail

Standard Features I Series

- 1.) Construction - I-Beam main frame with Jr. I-Beam crossmembers
- 2.) Tie downs - (8) 5/8" straight d-rings
- 3.) Lights - LED 4 tail light system with sealed wiring harness
- 4.) Suspension - Spring 36" spread (FT-10 I thru FT-16 I)
- FT-20 I and FT-24 I offered with rubber torsion 42" spread or spring suspension
- 5.) Ramps - FT-10 I and FT-12 I 5' x 16"
FT-14 I thru FT-24 I 6' x 16" angle iron spring assist ramps with full width ramp rod

HDD Series (Horizontal Directional Drill)

Trailer shown with optional
- Drill kit mounted
- Large toolbox

118756NTU

Pan Series (7,480 lb. to 14,800 lb. capacities)

The Pan Series skid steer trailer is constructed of a structural channel tongue, fabricated steel pan sides, and Jr. I-beam crossmembers. Pan Series trailers offer one of the lowest load angles for a ramp trailer in the industry. These drop deck trailers were designed with quality and durability as their main attributes. The ideal skid loader trailer, the Pan Series is also versatile and a great fit for other small equipment!

Standard Features Pan

- 1.) Construction - 4" to 7" structural channel tongue (depending on model) with 4" and 3" crossmembers
- 2.) Construction - Fabricated steel pan sides 8" to 12"
- 3.) Tie downs - (2) corner tie downs, (6) 5/8" straight d-rings
- 4.) Ramps - FT-10 P and FT-12 P 5' x 16" angle iron spring assist ramps
FT-14 P and FT-16 P 6' x 16" angle iron spring assist ramps
- 5.) Lights - LED 4 tail light system with sealed wiring harness

Light Utility Models

- FT-3 1,800 lbs. capacity
- FT-5 4,900 lbs. capacity
- FT-7 6,000 lbs. capacity

The **FELLING** Style Quality - Craftsmanship - Pride

Felling Trailers is a family owned and operated Full Line Trailer Manufacturer located in Central Minnesota. Started in 1974 by Merle J. and Kathy Felling, Felling's daughters Brenda Jennissen and Bonnie Radjenovich now own and operate the company with their spouses Patrick Jennissen and Paul Radjenovich. Felling Trailers, Inc. has grown from a small shop to a factory and office complex that today covers over 349,000 square feet. Felling Trailers currently manufactures over 5,000 trailers a year ranging from a 3,000 lb utility trailer to a 120,000 lb hydraulic gooseneck trailer, and its standard trailer line includes over 240 models. Felling's pride and differentiation is its customized trailer division. Its engineers utilize the latest Industry-leading design techniques, and its experienced metal craftspeople use cutting-edge technology to turn its customers' conceptual trailer needs into a tangible product. Felling Trailers continually researches and implements new technologies to reduce lead-time and increase production in the manufacturing plant. Felling has been providing innovative trailer solutions to the transportation industry for over 40 years. With over 100 years combined industry sales experience, we have the answers to your specialized trailer needs. Felling Trailers' current capabilities allow them to provide a high-quality product that is distributed across North America and internationally. Felling Trailers, Inc. is an ISO 9001 Certified Company, WBENC-Certified WBE, and EOE.
